

What is a Podcast?

How would you like to have Pastor Dave's teachings automatically downloaded to your computer? That is the beauty of podcasting. If you are unfamiliar with how podcasting works, please read on for instructions on how to get started right away. Our podcast allows you to "subscribe" to our audio files, and have them delivered to your desktop or portable mp3 player automatically. Our subscription is always free, and you don't even have to tell us anything about yourself.

Podcast Instructions

How is this wondrous thing done? First you download Juice or iTunes. Once it's installed you then tell it what "feeds" you'd like to subscribe to. Whenever you see a Podcast Icon (i.e.), you can right click on the icon and select "Copy Shortcut". This will copy the Podcast URL to your clipboard. The URL, shown in red below, can then be pasted into Juice's form for the feed address. If your are using iTunes, click on advanced, select "Subscribe to Podcast", and paste the podcast URL into the window that comes up. After setting up the feed, juice or iTunes will start automatically pulling Pastor Dave's teachings as soon as they are available.
